Gentlemen:

Nonresponsive

I am at the Gold King mine response in Colorado and may not be able to get back to till after hours.

thanks

Hello Paul,

With all that is going on in EPA these days given the recent incident in CO, the approaching end of the fiscal year, and other day-to-day matters, it is likely not possible to get everything in-place this week or next. If we were able to get all paperwork in-place by mid-September, would that work for you? If yes, what would be your schedule for performing the desired project?

Thanks.

Earl Liverman
